THE PLAY, "THE DEBATE" BRINGS HISTORY TO LIFE

By 1900, all Americans except criminals, the insane and women could vote. With the ratification of the 19th Amendment on August 26, 1919, the long struggle for women's suffrage came to an end. On Tuesday, March 5 at noon in Reed Hall Room 160, four "debaters" playing the roles of men and women, in 1919, will address the question, "Should women be given the right to vote?" The debaters have researched the views of the time period and all arguments are historically accurate. Taking the "pro" side will be Ruth Kinworthy-Laman and Dr. David Adams. Ms. Kinworthy-Laman will be costumed in a dress worn by her great-grandmother. Other costumes are being provided by Jean Wright of the Encore Theater. Taking the "con" point of view are Rochelle Twining and the Rev. Darwin Ralston. They will argue that women's suffrage goes against the laws of God because God created Adam first and Eve was to be a "helpmate"; that women are dependent upon men and unable to live alone and therefore unable to think alone; man's greater physical strength proves his greater intellectual strength; women taking part in worldly affairs will destroy the social fabric of the country; and the "hand that rocks the cradle rules the world" --women have enough influence in government through raising the men! Laurie Omness will act as narrator for this lively presentation.

DEADLINE EXTENDED FOR MAGAZINE ENTRIES

The campus magazine PAPILLON has extended the deadline until the end of March for entry of poems, essays, short stories and art work for the Spring edition. All LTC and OSU students, faculty, and staff are invited to send their original work to editor Sean Lause in GA 205-C.

LTC BREAKS GROUND FOR NEW BUILDING FRIDAY

On Friday, March 8, at 10:30 a.m., on the site of the former baseball field, local dignitaries will join members of the Lima Technical College Administration in breaking ground for the new ENGINEERING TECHNOLOGIES BUILDING. Honored guests will be State Senator Robert Cupp, State Representative William Thompson, Allen County Commissioner's president, Alberta Lee, and William Timmermeister, Vice Chairman of the LTC Board of Trustees. The 29,000 square foot building was designed by the Columbus architectural firm of Moody/Nolan and the general contractor is Humble Construction of West Libery, Ohio. The new facility will house the LTC Engineering Technologies Division and is a critical factor in providing instruction for the new Industrial Finishing Technologies and Asphalt and Concrete Technologies programs. The building will allow for future expansion of the Division's curricula. It is expected that the classrooms and labs will be ready for use for Fall 1996. Renovations will take place in the Tech Lab Building to increase space for Computer Technologies and Business programs. A multi-purpose athletic field for varsity and intramural sports will be constructed in the near future.

STUDENT ORGANIZATION NOTES

BI-GLOBAL MEMBERS PLAN LAST MEETING OF QUARTER

- All interested students are invited to the last regularly scheduled meeting of BI-GLOBAL for the winter quarter on Thursday, February 29 at 1:00 in GA 239. *Club Advisor is Tina Dare, Ext.423.* ----- In a spirit of tolerance, humanity and information the club would like to issue this statement to the campus community:

HOMOPHOBIA: The irrational fear of Gay, Lesbian and Bisexual people. It is often caused by the person's discomfort with their own sexuality regardless of their actual sexual orientation. It seems to be a basic part of human nature to fear people who are different and to attempt to alleviate that fear by acting out against that group of people. The results range from harsh words, to petty destructive acts, to acts of violence and even murder. Fortunately, human beings are also capable of growth. As we mature emotionally, we learn to accept ourselves as we are. In the comfort of our own self esteem, we are capable of understanding that the different people are in fact fellow human beings, not so different from ourselves, and deserving of the same respect we now feel toward ourselves.

BUCKEYE SCHOLARS SELLING "TOP 10"

T-SHIRTS - What are the "Top 10 Reasons to Attend Ohio Starts?" That bit of information is printed on the great T-Shirts and sweatshirts being sold by the OSU BUCKEYE SCHOLARS club. The heavy duty 100% cotton wearing apparel sells for \$15 for the T-Shirts and \$25 for the sweatshirts. You can purchase them from any club member or talk to *Dr. Michael Cunningham, Club Advisor, in GA 204-C.*

HUMAN SERVICES MEETING THURSDAY - The Friends of the Community/Human Services Club will wrap up a successful winter quarter of activities at their last meeting of the quarter on Thursday, February 29 at 11:00 in GA 124. Thanks to everyone who supported their various projects! *Club Advisor is Tom Hull, Ext.852.*

BIBLE SCIENCE CLUB TOPIC FOR THE WEEK -

The topic of the week for the Bible Science Club's weekly video presentation will be "Dealing With Shame and Guilt." The program will be at 11:00 on Friday, March 8 in Portable Trailer #1. *The Club Advisor is David J. Brown, Ext. 887.*

WOSL PLANNING "BATTLE OF THE BANDS"

Are you in a band? Do you know someone in a band? WOSL, the student radio station, is planning to hold the 12th annual "BATTLE OF THE BANDS" at the end of May. To enter you must fill out an entry form, enclose a demo tape of the band, and submit a \$20 non-refundable entry fee with your completed form. Entry forms are available at WOSL Radio, GA 033 or in the Student Activities Office GA066. All entries must be submitted by the 2nd week of April.

STUDENT SENATE NEWS - The Senate members visited the Lima Men's Rescue Home on Friday, February 23 where they served a dinner of spaghetti, green beans, french bread, applesauce, and dessert to 22 men. --- The Senate plans to volunteer at one of the local Soup Kitchens, that serve free meals to those in need, sometime in March. If any students would like to help in this project please contact a Senator or sign up in the Student Activities Office in GA 066.
